## Agnes Denes *Time Capsule*

Tuesday 14.10

16:30, Park Dräi Eechelen

Agnes Denes' *The Living Pyramid* has come to an end, but its legacy will live on thanks to a time capsule. As part of this monumental installation, participants shared their thoughts on the meaning of life. Their answers will be buried in a **time capsule**, to be opened in a **1,000 years' time**.

To symbolise life, memory and our responsibility towards the planet, a **Scots pine was planted at the capsule site**. As the tree grows, it will embody hope and the continuity of our work.

Come and join us on the esplanade of Park Dräi Eechelen, near *The Living Pyramid* and be part of this special occasion.

Agnes Denes: *The Living Pyramid* is presented in collaboration with **LUGA – Luxembourg Urban Garden**

Media partner : **Luxemburger Wort**
